Contents of Volume 27

Review

M.D. Suboski (Canada)
Releaser-induced recognition learning by gastropod molluscs 1

Research Papers

P. Lewis and D.M. Dougherty (USA)
Pigeon performance on a variable-interval omission schedule at different levels of food deprivation 27

J.P. Kent (Ireland)
Maternal aggression and inter-individual distance in the broody hen (*Gallus gallus*) 37

R. Fénéron and P. Jaisson (France)
Nestmate-brood recognition among workers of different social status in *Ectatomma tuberculatum* Olivier (Formicidae, Ponerinae) 45

K.N. Laland and H.C. Plotkin (UK)
Further experimental analysis of the social learning and transmission of foraging information amongst Norway rats 53

S. Nakajima (Japan)
The effect of temporal relationship of stimulus compound on ambiguous discrimination in the pigeon's autoshaping 65

Acknowledgement 75

Research Papers

H.J. Hoffmann and D. Balschun (FRG)
Circadian differences in maze performance of C57Bl/6 Ola mice 77

A. Horel and J.L. Gundermann (France)
Egg sac guarding by the funnel-web spider *Coelotes terrestris*: function and development 85

R.N. Hughes (New Zealand)
Effects of substrate brightness differences on isopod (*Porcellio scaber*) turning and turn alternation 95

J.R. Anderson, I. Fornasieri, E. Ludes and J.-J. Roeder (France)
Social processes and innovative behaviour in changing groups of *Lemur fulvus* 101

F.K. McSweeney and C.L. Melville (USA)
Failure to find positive key-press contrast for milk reinforcers using a within-session procedure 113

G.R. King, A.W. Logue and D. Gleiser (USA)
Probability and delay of reinforcement: an examination of Mazur's equivalence rule 125

L. Von Fersen, J. Emmerton and J.D. Delius (FRG, USA)
Unexpected discrimination strategy used by pigeons 139

Book Reviews 151

Research Papers

C. Rossi-Arnaud and M. Ammassari-Teule (Italy)
Modifications of open field and novelty behaviours by hippocampal and amygdaloid lesions in two inbred strains of mice: lack of strain × lesion interactions 155

C. Féron and C. Baudoin (France)
Reactions of staggerer and non-mutant male mice to female urine and vaginal secretion odors 165

S.J. Al-Maliki and F. Al-Rawi (Iraq)
Effect of chronic exposure to a magnetic field on two forms of murine aggression 171

A. Cariou-Etienne, S. Aron and L. Passera (France, Belgium)
Queen attractivity in the Argentine ant *Iridomyrmex humilis* (Mayr) 179

L.C. Drickamer and J. Martan (USA)
Odor discrimination and dominance in male domestic guinea pigs 187

Short Communications

J.-F. Gerard, B. Laffort and M. Vancassel (France)
Theoretical possibility of a genetic assimilation of the fleeing direction in *Talitrus saltator* 195

H.A. Van de Weerd, F.A.R. Van den Broek and A.C. Beynen (Netherlands)
Removal of vibrissae in male mice does not influence social dominance 205
